Subject: FW: Response to EPA's Questions about Transload and Disposal Options

Sean – Please find attached LWG’s responses to EPA questions about Transload and Disposal options for the revised FS. These questions were captured in the May 8, 2014 meeting action items (under item 12.g). This transmittal completes all the CDF and disposal LWG action items from that meeting. This information is being provided as part of the non-binding informal information exchange process for the revised FS discussions.

Please let me know if you have any questions about the responses.

Thanks.

Carl
